

LES MALPAS

The name : Near La Liquière there is a place called Malpas, it's composed of Mourvedre and Syrah, you find them in this cuvee

Winemaking: Harvesting by hand.
Ageing in 500 oak barrels

Tasting notes: A complex wine with overtones of black fruits and thyme coupled with menthol and garrigues notes. Shows lots of character in it's youth but also has huge ageability...

Food pairings : Works well with duck, full-flavoured cheeses
